

Final Project Presentation Schedule

Econ 4676: Big Data and Machine Learning for Applied Economics

The repo link to create your submission is
<https://classroom.github.com/g/3isi41i7>

Presentations will be in class, November 30th, December 2nd, and 3rd. The order will be randomly assigned. It should not be longer than 15 minutes. You have to treat this as a seminar/stakeholder presentation. For presentation tips, you can check this [document](#) or [last semester's seminar class](#). **This is worth 10% of your grade.**

Presentations will be in the following order:

- November 30th
 1. Startup Failure (Rodriguez y Montero)
 2. Covid-19 (Saenz)
 3. Precios Propiedades (Gonzalez)
- December 2nd
 1. Cambio Estructural (Rengifo)
 2. Booktopia (Agudelo, Cepeda, Cifuentes, y Mosquera)
 3. Rendimiento Educativo (Salazar, Cortes, Rojas, y Peña)
- December 3rd
 1. Pobreza Multidimensional (Miranda)
 2. Demanda de Energía (Ramírez y Castro)
 3. Basketball (Segura, Prieto y Navarro)
